

6th INTERNATIONAL CONFERENCE ON ELECTRICAL ENGINEERING (ICEE-2020)

25-27 September 2020; ISTANBUL-TURKEY

Committee

Honorary chair

Late professor Larbi REFOUFI

Conference General Chair

Prof.Dr. Abdelmadjid RECIQUI

Conference Co-Chairs:

Prof.Dr. Hamid BENTARZI

Prof.Dr. Iskender AKKURT

Call for papers

After five successful editions, the Laboratory Signals and Systems (LSS) will organize the 6th International Conference on Electrical Engineering – ICEE'2020 that will take place in Kaya Hotel and Resorts in the wonderful city of Istanbul, TURKEY from September 25th to 27th, 2020. The ICEE'2020 aims at promoting research in the field of electrical engineering in its theoretical, experimental and applied aspects. The conference will bring together researchers, engineers and scientists in this field of engineering. Prospective authors are invited to submit an up-to-three page extended abstract about works related (but not limited) to the following topics:

Control Systems Engineering: Control and Robotics, Measurements and Instrumentation, System Identification, Nonlinear and Robust Control, Intelligent Control, Fault Diagnosis.

Power Engineering : Power Systems analysis, Power Systems operation and control, Power Electronics, Machines and Electric drives, High Voltage Engineering, Renewable Energy, Energy Efficiency, Power quality, Smart Grid.

Telecommunications and Signal Processing : Image and speech Processing, Pattern Recognition, Biomedical Imaging, RF/Microwave Circuits and Systems, Antennas and Wave Propagation, Radar and Satellite Systems, Information Theory and Coding, Wireless and Mobile Communications, Semiconductor Characterization and Modeling, Metamaterial application.

Computer Engineering and applications: Design and development methodologies, Embedded Architectures and Technologies, Intelligent Systems and Application, Microprocessor, Microcontroller, DSP, FPGA based Systems.

ICEE2020 is now on the IEEE conference list at:

https://conferences.ieee.org/conferences_events/conferences/conferencedetails/49691

All registered and presented papers will be included in the IEEE explorer.

Submission

Authors can choose to submit a full paper (up to 6 pages) using the IEEE A4 format available at: <https://www.ieee.org/conferences/publishing/templates.html> or to prepare an up-to-three page extended abstract using the template available here. English is the official language of the conference.

Authors must submit their abstracts through the CMT submission system at:

<https://cmt3.research.microsoft.com/6ICEE2020>

After the conference, the selected presented works will be submitted to indexed journals:

International Journal of Intelligent Systems Technologies and Applications

Algerian Journal of environmental science and Technology

International Journal of Experimental Design and Process Optimisation

International Journal of Automation and Control

International Journal of Digital Signals and Smart Systems

Algerian Journal of Signals and systems

International Journal of Innovative Technology and Exploring Engineering (IJITEE)

International Journal of Recent Technology and Engineering (IJRTE)

International Journal of Engineering and Advanced Technology (IJTEAT)

Important dates

Extended abstract submission deadline: August 31, 2020

Notification to authors: September 10, 2020

Conference dates: September 25-27, 2020.

Registration

At least one author must register for the submission to be included in the conference proceedings. The rates indicated cover up to two papers. The registration fees must be paid to the organization according to the information available at:

<https://icsusat.net/registration-and-fee>
